SEEDING OF TEAMS FOR PROVINCIAL "A" CUP

The top four (4) teams of Division 1 will be seeded in the order in which they finished the regular season. *(If the League games are not completed but the four top teams are identified before cup play, they will be seeded. However, if this cannot be established, the League standing at the completion of the first round of league play would be used. If the first round cannot be completed there will be no seeding.)*

If Division 1 is split into two groups, "A" and "B", the teams will be seeded according to the results of the league title play-off games *(top team of each division)*. If there is no time for completion of the play-off games, before the cup seeding, the team with the most points will be number one seed, the third and fourth seeds will be the second team in each division, the team with the most points will be third seed.

If for any reason there is need of a tie breaker, that tie breaker is as follows:

1. *Goal difference (goals for minus goals against).*
2. *Goal average (goals for divided by goals against).*
3. *Toss of a coin..*
